

CARY G. HARBISON, P.E.
Project Manager

B.S. Civil Engineering – 1995 University of Illinois, Urbana-Champaign

Registered Professional Engineer (PE) in Missouri and Illinois

EXPERIENCE HISTORY

January 2001 to Present —

Project Manager for Bowen Engineering & Surveying, Cape Girardeau, Missouri. Responsibilities include design and construction engineering services for SEMO Port projects, residential and commercial planning and site development. Duties include overseeing the development of design plans for streets, railroad extensions, sanitary sewers, wastewater treatment facilities, storm sewers, stormwater management facilities, and site layout and grading. Other work includes scheduling survey crews and the use of GPS equipment on various projects.

October 1996 to January 2001 —

Staff Engineer for Bowen Engineering & Surveying, Cape Girardeau, Missouri. Responsibilities included assisting in the production of subdivision design plans including storm water management, sanitary sewer and waterline design. Also assisted survey crews as needed.

May 1995 to October 1996 —

Staff Engineer for Casler Surveying and Engineering Company, Jacksonville, Illinois. Responsibilities included assisting in engineering design of residential and commercial projects. Projects included subdivision design and construction, drainage studies, environmental assessment studies and underground storage tank removal and remediation.

May 1993 to May 1995 —

Engineer Technician and Survey Technician for Casler Surveying and Engineering Company, Jacksonville, Illinois. Served as survey crew chief and engineer technician for various engineering projects and surveys.
